# Amarnaathh Engineering

<https://www.amarnaathh.in/>

We "Amarnaathh Engineering" are involved in manufacturing and exporting a wide range of **Carding Machine, Carding Stave, Cotton Ball Making Machine, Ear Buds Making Machine** and many more.

## About Us

**Amarnaathh Engineering** is the most trusted name among the topmost companies in the market and came into existence in the year **1998** as a **Partnership** based firm. The headquarter of our corporation is located in **Coimbatore**. We are involved in **manufacturing** and **exporting** a wide range of **Carding Machine, Carding Stave, Cotton Ball Making Machine, Ear Buds Making Machine and many more**. Offered products are extensively demanded by our clients for their impeccable quality.

We would like to thank you for the kind courtesy extended by you. We got a very good opportunity to explain AE Retrofits application in the textile Industry and Surgical absorbent cotton industry also. The successful performance in the mills resulted in repeated orders and successfully working, more than 4500 machines in India and abroad. Already We have little knowledge about Non-woven fabric and application. We got more impressed and learn more potential of non- woven industrial application in the market. We have strong f manufacturing set up suitable for non-woven cards and blow rooms. Already we have commissioned our first project in Vijayawada and the machine delivers 1 ton/day, Where we supplied the complete range of machines from blow room and Carding.

# TEXTILE BLOW ROOM & CARDING MACHINES
